HOLME PIERREPONT RUNNING CLUB

HEALTH AND SAFETY POLICY STATEMENT:

“Holme Pierrepont Running Club is committed to encouraging our members to take part in all club activities. However, the health, well-being and safety of each individual is always the club’s paramount concern. We recommend members take part in club activities only when they are fit and able to do so, and expect all our members to participate in this way. We fully expect individuals joining the club to be aware of their own individual responsibilities for their health and safety and conduct when running in public with regard to other members of public and traffic regulations.”

- Support all members to train within their means by providing training sessions which all abilities within the club can take part in safely.
