

# Lake Handicap 2021

**Winner: Chris Jekiel**

2021 was the year that we started to return to something like normality. As with 2020, we ran the first race virtually, with runners given a week in May to record their time around the lake and provide a GPS trail to verify their time. In July we finally ran an old-fashioned handicap race and finished the series in September.

Please note that times set in virtual races do not count for records purposes.
